Weisberg to Conduct Armistice Day Concert

Dean Crowder Featured Soloist; Signor Graziani, Signor Gambetti Play with Orchestras

By GENE MORRIS

The symphony orchestra will present a concert on Armistice Day, Nov. 11, at 8:15 p.m., in the Student Union Auditorium with A. H. Weisberg, conducting. John Crowder, dean of the School of Music, will be the piano soloist.

Two Italians, Signor Gambetti, who plays a cello, and Signor Graziani, first violinist, will be among the orchestra members. These two men, who are from Genoa, Italy, have been interned at Fort Missoula for three years. Since Italy is now on the Allies' side in the war, they have been released.

Community singing led by John Lester, accompanied by the orchestra will feature Armistice Day songs.

Varied Program

The program is as follows: Overture, "The Calif of Bagdad," Boieldieu; Concerto Waltz, "Tales from the Vienna Woods," Strauss; "Concerto for Piano in A Minor," Op. 16, Grieg; community singing led by John Lester, accompanied by the orchestra, singing such songs as "Columbia, Gem of the Ocean," "Tramp, Tramp, Tramp," "Just Before the Battle, Mother," "When Johnny Comes Marching Home," "Pistol Packin' Mamma," "Over There," and others.

The University symphony orchestra is made up of 31 members, and the two Italian guests. The first violins are: Dorothy Mae Blegen, concert master; Bernice Enevoldsen, Fay Buchholz, Janice Johnson, Harriet Finch, and Signor Graziani.

Orchestra Participants

The second violins include: Harriet Pulliam, Martha Clark, Maylou Pomeroy, Florence Brackett, Beverly Cron, Tempie Daigle, and Margaret Trask. The violas are played by Louise G. Arnoldson and Dorothy Mueller, and the cellos by Betty Cutts, Ann Elliot, Leona Lampi, and Signor Gambetti.

The bass player is Vincent Kurtz; flutes, Jean Richards and Georgia Willis; the oboe, Betty Madison. Thelma Herd and Ruth Martin play clarinets. Bassoon, Betty Smith; trumpet, Betty Nichol and Glenn Patton; horns, Clarence Bell and Frances Taylor; trombone, June Sanders. The tympani is played by Bernice Tronrud and the piano by Dorothy Hunt.

MSU Librarian Attends Meeting

Kathleen Campbell, MSU librarian, left for Seattle Nov. 4 as a member of the committee of bibliography for the Pacific Northwest Library Association.

Charles Smith, librarian of the University of Washington and director of the Pacific Northwest Bibliographic Center, requested the meeting of the committee to discuss the nature of cooperation among libraries and their specialization in the different subject fields.

Herman H. Henkle and Lucile Morsch, both of the Library of Congress, will attend the meeting, and the matter of centralized library cataloging for libraries in the region will also be discussed.

Hold Examinations Tuesday For Army Specialized Training, Navy College Program V-12

Men Ineligible Last Spring May Take Fall Test

By JEAN DINEEN

"Army Specialized Training Program and Navy College Program V-12 tests will be given on Nov. 9, in the Journalism building, room 211 at 9:00 a. m.," it was announced by J. Earll Miller, service coordinator for the University yesterday.

The test will probably be two hours long and all boys are requested to be prompt. Anyone planning on taking this test and who has not notified Dean Miller, must do so not later than

Monday. Those taking the examination will be excused from their classes.

Students who did not qualify for the test of April 2, 1943 and who are still eligible to apply for the college programs must take the Nov. 9 test if they wish to be considered again.

Those taking the test must name their preference for the Army program or the Navy program and it is urged that each who takes the test carefully consider in advance the eligibility requirements for each program. No candidate who expresses a preference for the Army will be considered by the Navy or vice-versa.

The purpose of the Army Specialized Training Program is to provide technicians and specialists for the Army. Those selected for this program will study, at government expense, at colleges and universities in fields determined largely by their own qualifications.

Those eligible for the tests are civilian men who will be 17, but not yet 22 on March 1, 1944, and who are high school graduates.

Taking the test does not obligate the student to enter the program if he is accepted.

PASF Hears Chile Traveler

Members of Pan-American Student Forum met last night in the Bitterroot Room for the third meeting of the year.

An outside speaker was present who spoke on South America and Chile, where she has traveled extensively.

Entertainment was presented by Dorothy Crissey, Livingston, who gave an impersonation of Donald Duck. Virginia Doyle, Fairview, gave a vocal solo in Spanish. Spanish songs were then sung by the group.

Burke Announces Pledging Saturday

Beverly Burke, Billings, president of Panhellenic Council, announced today that pledging for rushees will be held in the Bitterroot Room in the Student Union on Saturday, Nov. 6, between 10 and 12 a.m. The building is closed to sorority women between these times.

Law School Graduate Dies in Sicily

Lt. Col. Wilbur H. Wood, graduate of the University Law school, is reported to have died in Sicily on Oct. 16, according to a telegram received by his parents, Mr. and Mrs. Claude Wood, Helena.

Wood recently received a citation for his accomplishments. For some time he was associated with Maj. Gen. L. H. Brereton, commander of the Middle East Air Force.

Four Will Plan Club Meetings

At the first meeting of the Educational Club this year, Oct. 19, a steering committee was appointed to plan the program for the year and nominate officers, Dean of Education Walter Anderson announced.

The purpose of the Educational Club is to provide some professional and educational meetings to supplement courses in the School of Education as well as to create an opportunity for members to enjoy themselves. They will see films, have parties, and take trips to community agencies.

Students from various schools were appointed to the steering committee. They are Miriam Sylvester, Butte, dramatics and speech, chairman; Bernice Granmo, Missoula, music; Charles Czerowski, Danvers, social science, and Vivian Stephenson, Helena, business administration.

The next meeting will be Thursday, Nov. 18, in the Eloise Knowles room. A panel discussion will be given by Missoula teachers concerning "What We Expect of Student Teachers." Membership of the Educational Club is open to all interested in the teaching field.

WEARS WINGS OF UNITED AIR LINES STEWARDESS

Miss Ann Marie Stein, class of '43, now wears the wings of a United Air Lines stewardess and is doing her part in speeding war-time air traffic.

Miss Stein recently graduated from United's school for stewardesses in Chicago. She is among the new crop of "co-ed" stewardesses—girls with two or more years of college education—who have been employed by United since the company waived its former requirement of a nurse certificate for its sky girls in deference to the war-time need for nurses on the ground.

Prior to joining United Air Lines, Miss Stein taught school and did radio work.

Athletic Board Vetoes Intercollegiate Basketball

That the University will not take part in intercollegiate basketball was the decision of the Athletic Board, Kirk Badgley, graduate manager, announced yesterday. Instead, emphasis will be placed on a strong intramural basketball program. "There are many things to be considered," Badgley said. "One of our biggest problems is a lack of experienced players, although there are other problems also."

If the University men can show

a potentially strong team in the intramural program, there is still a slight possibility that some intercollegiate games will be provided.

At the present time, however, the prospects of a Grizzly varsity five look glum. The Grizzlies were forced to abandon all hopes for a football eleven because of a shortage of experienced players, and so far the same thing is preventing

the organization of a varsity basketball team.

Twenty-five Army Air Corps cadet candidate teams, an army personnel five, an ROTC five and approximately four University teams will participate in the intramural competition. Vince Wilson, physical education instructor, is in charge of the program. Plans are now being made, and actual play is expected to get under way in a few weeks.

Teel to Present Series of Talks About Music

"What You Hear When You Listen to Music" is the title of a series of talks to be given over KGVO on Tuesdays at 5:15 o'clock by Stanley M. Teel, associate professor of music. He will give four: one will be on the subject of rhythm, a second will cover melody, harmony will follow, and the last on the form and tone color of music. He will talk and play the piano during the programs.

These talks are the beginning of a series of programs to be given every Tuesday at 5:15 o'clock during the year in which members of the University faculty will participate at various times.

Bryan on Leave, Plans Return

"The first thing I'll do when the war ends is to return to Montana State University," said Lieutenant Don (Red) Bryan Monday as he passed through Missoula to his home, Kalispell.

Lieutenant Bryan added, however, that he thought his football days were over. He is on leave after serving in the North African war zone, the Mediterranean and the Italian battle fields. Lieutenant Bryan last saw action when he was shot down near Naples Aug. 26. His plane was forced into the sea north of Sicily, but he was soon rescued. Before that time "Red" was a prisoner of the Axis on an enemy sub in the Mediterranean. His escape and rescue occurred when the submarine was bombed by the Allies. Before returning to active duty, the lieutenant spent some time in a Malta hospital.

During the football season 1939-40, Lieutenant Bryan played quarterback on the Grizzly squad. He was captain-elect of the University team for 1941, but received his call before completing the season.

Sorority Pictures Begin Monday

Sorority pictures for the 1944 Sentinel will begin Monday, Nov. 8, announced Lorraine Griffith, Williston, N. D., Sentinel editor. Sorority women are to make their appointments at their respective houses, and appointment sheets are to be returned to the Sentinel at least a day before the scheduled pictures are to be taken.

All women are required to wear dark sweaters and pearls. A fee of \$1 must be presented when the picture is taken at the Ace Woods Studio.

Hayton Says Ratio 3 to 1

"Girls, girls, girls — even the University of Nebraska is hard hit. The boys (civilian and uniformed) are outnumbered three to one by the girls."

This statement was made in a recent letter by Robert Hayton, a junior at MSU last year. He was international president of PASF and was president of the organization here. He is now attending the University of Nebraska as an advanced foreign arts and language cadet.

Bob goes on to say: "I wandered into the 'Daily Nebraskan' office this afternoon to discover a friend of mine reading the latest Kaimin. Several names and items rang the bell of friendliness and reminiscence as I read it page by page. Even the ads looked good — such as B & H, Savon's, Yandt's, Hollies — and all the rest (especially, of course, KGVO).

"Especially bracing to me was the page 5 story about PASF activity. The group seems off to a firm start and I'm happily relieved."

He went on telling about school at the U of N. It appears that their campus has changed as MSU has this year, with a much smaller enrollment and uniformed men being the predominant group of the male sex.

The MONTANA KAIMIN

Established 1898

The name Kaimin (pronounced Ki-meen) is derived from the original Selish Indian word, and means "something written" or "a message."

Below is a signed editorial in rebuttal to Gerald Castile's column published here last week. In view of the unusual sentiments voiced by Mr. Castile we believed that the column rated the special attention of every member of the University.

We invited comment by any faculty member, University, ROTC or Aviation student.

Freedom of speech and press. Freedom from militarism and state propaganda. A strong conviction that the little man merits his own particular spot in the sun. Out-dated as it may seem in a totalitarian state that is the way we were brought up.

We saw red when we thought of Mr. Castile's proposals. One aviation student in particular saw eye to eye with us. We give you Mister G. E. Tucker's personal opinion.

ON THE UNITED STATES: Regent of Civilization

By A/S G. E. TUCKER, Jr.

The United States of America, dedicated as it is, long ago indoctrinated a policy of free speech, freedom of the press and freedom to worship as the individual so sees fit. In creating such liberties for the persons that comprise our great nation, the laws have made possible the existence of socialists, communists and other such flotsam that the European nations have so skilfully bred into humanity.

Following the belief in the freedom of the press, an article was recently published in this paper which clearly pictured the mechanics and operation of minds given over to the creed of those who visualize a "super race"!

The author of the article, seemingly a member of a tribe of radicals, proposed to eliminate the small independent state, such as a small business might be ostracized through the socialistic practice of economics. His advocacy of compulsory military training for youngsters at the tender age of twelve is sickening to those who are in uniform at present. His planned study of the "glorious military traditions of our country" goes against the grain of a freedom-loving American who fights only in defense of the things he loves and worships.

To this person, and others like him, it is the "Yankee way" of life, to allow them to think unpunished, but to attempt to educate them. Is it not so, that at present the United States has called millions of men and women from their loved ones, their homes and jobs to participate in the great struggle to cleanse the globe of such fiends that practice robbing cradles of innocent youth to fight and to kill? Do we not believe in allowing man to be the domination of our government, rather than a government, constituted of power-crazed fools, to rule the people?

The present Axis plan is to oblivate religion, fine arts, culture and, most important, personal freedom; to construct a powerful military machine to govern the world; to be the "superior race" above all — even God! We give our lives to combat such impossible nightmares, yet allow some of our populace to enjoy national freedoms so that they might preach the very thing many Americans have died counteracting!

The installation of a powerful one-party system, as suggested in the article, is setting up a direct opposing force to the democratic system of politics. If the author would think, rather than propose, suggest and advocate, he would realize that if such plans as his were to be enacted, there would not, and could not be the vicious freedom for his tongue that he now enjoys! Should a tremendous one-party system of politics be inaugurated, he would believe THEIR way or suffer such fates as the Poles, Greeks, Chinese and many other innocent peoples have been subjected to.

It is not intimated that punishment should be inflicted upon authors of such brands of thinking; rather, it is suggested that followers of those codes either join the ranks of the Nazi party outright, or educate themselves a bit more in American traditions, politics and economics and realize how damned lucky they are!

Kappas Down Co-op House

In an overtime-period rally Tuesday evening, the Kappas scored the winning goal to defeat the Co-op House team 3 to 2, with Colleen McCarthy, Missoula, making all three points for the Kappa six.

Leona Lampi, Red Lodge, and Martha Hunter, Hinsdale, made the two goals for the Co-ops.

This fourth win for the Kappas kept them in the undefeated lead of the B league, with the Sigma Kappas undefeated champions of League A. The championship game between these two teams will decide first and second places in the tournament. Third and fourth positions in the intramural competition are being sought by the Tri-Delts, who are runners-up in League B, and the Thetas and Independents in League A.

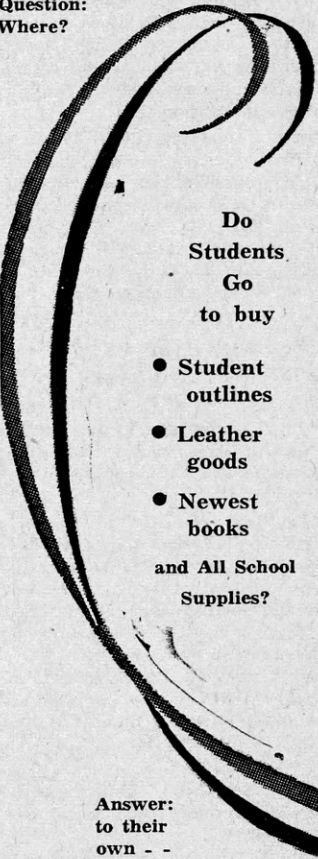

More than a hundred women have been participants in the games, which began early in the quarter. *

Reports of Frosh Dorm News

All four frosh residence houses celebrated Hallowe'en at 12:30 last Saturday night with a fireside. Cider and doughnuts were enjoyed.

Preceding the weekly house meeting, Mrs. R. H. Jesse addressed the freshman girls on good manners and behavior last Monday night at the Sigma Nu house.

Beginning with last week's mixer, the four frosh houses will be hostesses in turn at future Wednesday night mixers. The Phi Sigma Kappa women were hostesses this week.

Gig systems have been planned in each dorm for unnecessary noise, late study without permission, lights on after 11:15, phone conversations more than five minutes and smoking in rooms.

Shirley Johnson's parents from Havre visited her last week end at the Sigma Nu house. Virginia Le-

WAA WILL VOTE

Active members of WAA will vote Monday, Nov. 8, in the Women's Gym for a candidate to replace WAA Secretary Gloria Bugli, Anaconda, who has resigned the position. Candidates for election are Inez Sue Fraser, Billings, and Carole McConnell, Anaconda.

Voting hours will be between 9 and 12 o'clock Monday morning and 1 and 5 in the afternoon.

tellier's brother of Big Sandy visited her Tuesday at the Phi Sig dorm.

Students visiting their homes last week end include Nancy Nesbitt from Sigma Nu, Butte; Peggy Conner from Phi Sig, Helena; Barbara Wayne, Polson, and Marie Lucotch, Fairfield, from Sigma Chi. Jean Dineen and Enid Williams of Sigma Chi visited with Mary Johnson at Bonner.

A DURATION DO!

Your shirts are valuable items these days and appreciate special handling.

Turn up your shirt collar before sending it to the laundry. A collar washed flat doesn't fray so easily at the crease.

Have your shirts laundered frequently. A too-soiled shirt requires more scrubbing and consequently wears out more quickly.

Go easy on the starch. Starching stiffens fabric, so that it breaks instead of bending.

When you buy, buy Arrow. Arrow shirts are longer-lasting, better-fitting, and carry the San-forized label (fabric shrinkage less than 1%).
